MATTERS ARISING

Conditions of roads in area Clr. G.M. Jones is awaiting results of a recent meeting with Highways. The road past Cefngoleugoed recently surface dressed and gritted is already breaking up and the potholes are returning.

There have been recent road closure notices on Shortbridge Street, Llanidloes and under Bronhaulwen, Old Hall, and it would be more helpful if there were details provided such as times when the road is closed, contact details for local residents to ring for more details. The clerk was asked to write to Highways.

Road from Llanidloes to Hafren Forest Traffic problems are still increasing. Councillors felt that traffic coming from Aberystwyth should be directed down to Llanidloes and not over the Bwlch road as this is causing further problems and this road is unsuitable for such an increase in traffic.

Road past Caencoed, Glan-y-Nant No work has been done to date.

Road by Clywedog Caravan Park Nothing has been done to date.

Provision of Services at Llanidloes Hospital The clerk read out an email received from David Farnsworth PTHB to Councillors. The outpatient department in Llanidloes hospital is currently undergoing renovation works which should be delivered by July 2026. The clerk was asked to request information as to when all services would be up and running.

Provision of bench at Cwmbelan This matter is being dealt with by the Llanidloes Town Council.

Fan Terrace A letter received from Mr Davies in relation to the Council's decision was read out to the meeting.
